We provide logistics solutions that ensure efficiency, reliability, and growth for every business we serve.

## About **COMPANY**

**PT Lestari Wijaya Abadi** was established in 2025 with the goal of becoming a trusted logistics partner in Indonesia and beyond. The company specializes in Bonded Warehouse (PLB), Export-Import, Freight Forwarding, Project Logistics, and Domestic Logistics, providing services that are secure, efficient, and professional.

We believe that every shipment, every project, and every storage operation is a responsibility that must be handled with precision and care, enabling our clients' businesses to grow without logistical obstacles.

“

Through advanced logistics strategies, we guarantee seamless delivery while maintaining trust, safety, and professional service.

## About VISION MISSION

Our vision is to become a leading integrated logistics company in Indonesia, known for its unwavering commitment to safety, efficiency, and innovative technology. We strive to set the benchmark in the logistics industry by delivering services that not only meet but exceed the expectations of our clients, ensuring their supply chain operations run smoothly, reliably, and sustainably.

### VISION

Our vision is to be a leading integrated logistics company in Indonesia by focusing on three key pillars:

- ✓ *Safety and Compliance*
- ✓ *Efficiency and Reliability*
- ✓ *Innovation and Technology*

We aim to deliver logistics services that combine efficiency, reliability, and safety for seamless global operations

## MISSION

Our mission is to provide comprehensive logistics solutions that are safe, timely, and efficient, supporting business growth. This includes:

- ✓ Ensuring storage operations meet regulatory standards with the highest security.
- ✓ Seamless management of documentation, customs, and cross-border shipments.
- ✓ Coordinating international and domestic cargo shipments with precision and global reach.
- ✓ Planning and executing transport of oversized, heavy, or specialized cargo on time.
- ✓ Leveraging modern logistics technology to optimize and manage every process.

## COMPANY VALUES

L

### LOGISTICAL FLOW

Represents smooth and seamless movement of goods and services, ensuring timely delivery without obstacles.

E

### EFFICIENT

Logistics operations are carried out efficiently in terms of cost, time, and resources, adding value for customers.

S

### SYSTEMATIC

Emphasizes structured, integrated, and reliable logistics management systems.

T

### TRUSTWORTHY

Builds confidence through accountability in delivery accuracy, cargo safety, and regulatory compliance.

A

### ADAPTIVE

Capable of adjusting to global market dynamics, technological changes, and international trade regulations.

R

### RELIABLE

Provides consistent, dependable logistics services that clients can trust.

I

### INNOVATIVE

Prioritizes digital innovation and creative solutions in the supply chain, such as warehouse automation, tracking systems, and green logistics initiatives.

“ ***Building trust  
through excellence  
and innovation*** ”
